## Happy New Year!

We hope you had a lovely relaxing Christmas/New Year break and got the opportunity to enjoy some of the lovely summer weather we are experiencing. We are close to the end of January already and under 4 months until we get together in Port Douglas.

This is just a brief newsletter to kick off 2024 and to give you a 'heads up' on what's coming up over the next few months leading up to departure. The total group size is 219 including suppliers, support staff and 23 children. Of this group just under half will be attending a Plumbing World overseas trip for the first time, and we really look forward to hosting them at this fabulous tropical location. It's a great programme which caters for all ages, and it's going to be a fun-filled few days.

## MAXPOINTS

The second and final MaxPoints conversion is coming up in February. In February you will receive a form via email advising you of your available balance of MaxPoints for conversion. It's up to you how many (if any) of these points you would like to convert to offset your travel costs. Please contact Michelle if you have any questions regarding this.
